DETAILED ACTION

The Amendment and Remarks filed 6 January 2005.

Election/Restrictions

This application is in condition for allowance except for the presence of claims 53-88 to Group II non-elected without traverse. Accordingly, claims 53-88 have been cancelled.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- Claims 53-88 have been cancelled.

Allowable Subject Matter

Claims 2-52 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: The best prior art of record discloses a light emitting device comprised of all of the features

required by claims 2-7, including a first electrode, a first insulating layer and an organic compound layer. However, the prior art fails to teach or fairly suggest a light emitting device wherein the first electrode is not in direct contact with the organic compound layer, as claimed in claims 2-7. Claims 8-52 are allowable by virtue of their dependence.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
